Child/Adolescent Psychiatrist

South Carolina Youth Advocate Program (SCYAP) is seeking board certified child and adolescent psychiatrists to work with children and families in an outpatient or telehealth setting. The psychiatrist will be conducting psychiatric evaluations, providing medication management in addition to supportive psychotherapy to vulnerable, at-risk children and adolescents with high rates of trauma, emotional dysregulation, and behavioral problems. Must be highly motivated and share our practice philosophy of providing compassionate, comprehensive, and evidenced based care to the children we serve. Seeking candidates for full-time, part-time, or contractual positions. Minimum of 8 hours per week, preferred.

What SCYAP asks of you:

- Experience working with trauma treatment and a positive attitude and dedication to working with at-risk population
- Desire to work in a fast-paced, interdisciplinary environment
- Excellent clinical judgement with willingness and desire to work collaboratively with treatment team
- High energy, motivated individuals with strong work ethic and ability to work independently
- Maintain current, legible, and adequate documentation for client's care; assure that all required client documentation submitted timely

What SCYAP offers you:

- A chance to make a positive impact in children and families' lives on a daily basis
- Attractive compensation
- Opportunities to develop and hone clinical skills working with challenging populations
- Flexible Schedule
- Supportive environment with an appreciation for work/life balance
- Access to in-house counsel
